

# PRIVATE SCHOOL TUITION ORGANIZATION INCOME TAX CREDITS IN ARIZONA: A SUMMARY OF ACTIVITY FY 2013

Arizona has four income tax credits for taxpayer donations to school tuition organizations (STOs). Two credits are for donations by individuals<sup>1</sup> and two credits are for corporate donations.<sup>2</sup> (The corporate donations can be claimed as a tax credit against corporate income tax or insurance premium tax.)

## CERTIFICATION

Arizona law requires an STO to be certified by the Arizona Department of Revenue (ADOR) before it can begin collecting donations for tax credit purposes. The STO must be certified to collect donations from individuals and it must be certified to collect donations from corporations.

Appendix I lists all STOs which collected donations during FY2013 and their certification period. A total of 62 STOs were certified to operate in FY2013. Eleven STOs that were certified for individual donations did not have corporate certification. Four STOs that were certified for corporate donations did not have individual certification. Three STOs dissolved in FY2013.

## TOTAL DONATIONS

Donations to STOs since the beginning of the individual credit in 1998 through the end of FY2013 total \$689.3 million. Individual donations for the original credit have made up the majority of this amount, 81.7%, because of the longer period of time in which this credit has been available and because of a greater volume of donations. The following table shows total donations from each credit type.

Of all donations from both corporate and individual donors since 1998, Catholic Education Arizona<sup>8</sup> has collected the most at \$139.1 million or 20.2% of all donations. The second largest recipient of donations has been the Arizona Christian School Tuition Organization at \$122.6 million or 17.8% of all donations (although this organization only accepts individual donations). Appendix II shows every organization that has received donations, with the total received by credit type, since 1998. The STOs that are highlighted are no longer operational.

### TOTAL SCHOLARSHIPS

Scholarships from STOs since the beginning of the individual credit in 1998 through the end of FY2013 total \$573 million. Scholarships from individual donations have made up the majority of this amount, 87.9%, because of the longer period of time in which this revenue has been available and because of fewer restrictions on scholarships from individual donations than from corporate donations. The following table shows total scholarships from each credit type.

As with donations, the Catholic Tuition Organization of the Diocese of Phoenix has paid the most in scholarships since 1998 at \$119.8 million, or 20.9% of all scholarships. The STO paying out the second largest amount in scholarships is the Arizona Christian School Tuition Organization at \$111.2 million or 19.4% of all scholarships. Appendix III shows every organization that has paid scholarships, with the total paid by credit type, since 1998. The STOs that are highlighted are no longer operational.

In terms of where the scholarship money went within Arizona, the most money went to schools within the City of Phoenix. About 34% of the scholarships and the scholarship money went to Phoenix private schools. Similarly, 64% of the scholarships and of the scholarship money went to schools in Maricopa County. The following table shows the number of scholarships, the amount of scholarships and the average scholarship paid out by county in FY2013.

### **RESERVING SCHOLARSHIPS FOR STUDENTS IN FUTURE YEARS**

STOs are required to allocate at least 90% of their donations to provide scholarships in each of the four donation programs. Allocate means to both award scholarships in the current year and reserve money for an award of a multiyear scholarship for a specific student. STOs reported

reserving \$20.5 million from the four programs for specific students in future years. The breakdown between each donation program is shown below:

|   | \$ Reserved for Future Year Awards |
|---|------------------------------------|
| Original Individual Donation Program          | \$4,777,821                        |
| Switcher Individual Donation Program          | \$1,636,223                        |
| Low-Income Corporate Donation Program         | \$13,725,927                       |
| Disabled/Displaced Corporate Donation Program | \$395, 491                         |

Appendix V shows reserved amounts by school at which the specific student will be attending.

### **SALARIES PAID**

STOs are required by statute to report the names, job titles and salaries of the three highest-paid employees. The 62 STOs certified in FY13 reported this information. Out of these 62 STOs, 38 (61.3%) were staffed by volunteers. Appendix VI lists the 24 STOs that reported salaries.

### **AUDIT OR REVIEW PROCESS**

STOs operating in Fiscal Year 2012 used 31 CPA firms, paying them \$273,304.<sup>9</sup> The audit or review cost is listed for each STO in Appendix VII. STOs paid as little as nothing (donated work) and as much as \$14,400 for their audit or review. These costs include audits or reviews for both individual and corporate receipts if the STO participated in both programs.

## **INDIVIDUAL INCOME TAX CREDIT PROGRAM**

Arizona allows an individual income tax credit for donations made to STOs that provide scholarships to private schools. A taxpayer could receive an income tax credit for a donation of \$503 (for single, unmarried head of household and married filing separate taxpayers) or \$1,006 (for married filing joint taxpayers) in tax year 2012; those amounts increased to \$517 and \$1,034 in tax year 2013. Scholarships paid from these donations by STOs could go to any child attending a qualified private school.

There were 48 STOs that received donations in FY2013. (Arizona Native Scholastic Enrichment Resource Foundation, Diversity Leadership Institute, Just Friends of Education and Yo Creo may also have received donations but did not file an annual report. Two STOs reported no donations in FY2013.) A total of \$55.4 million in tax credit donations from 77,970 taxpayers was reported for the fiscal year.

The following table shows the number of STOs collecting donations in each period, the number of donations and the amount of tax credit donations. Percent change is calculated for prior

Appendix VIII shows donations for each STO for FY2013 (and scholarships for each STO as well).

Forty-seven STOs paid \$49.6 million in scholarships in FY2013, a 9.6% increase over FY2012. The following table shows the number of STOs providing scholarships in each period, the number of scholarships and the amount of scholarships paid. (For calendar years prior to 2003, the numbers are soft; reporting was not statutorily-required at that time.) As with the donations table above, no percent change is calculated for FY2011 as this was the first fiscal year reporting period. Please note that the number of scholarships paid does not equate to the number of students receiving scholarships. Many families seek scholarships from multiple STOs, resulting in one child being counted several times in the scholarship counts.

<sup>17</sup> There are 6 months that overlap between Calendar Year 2010 and Fiscal Year 2011. Some of the donations showing for Fiscal Year 2011 are already shown for Calendar Year 2010.

The private schools for which the scholarships were reserved are shown, by scholarship program, on Appendix V.

STOs are required to report the percentage of scholarship dollars that go to families with income of 185% or less of the poverty level and the percentage of scholarship dollars that go to families with income ranging from above 185% of poverty level to 342.25% of poverty level. Income levels for FY2013 that fit into these ranges are shown in the following table:

| <b>Household Size</b> | <b>185% of Poverty Level</b> | <b>342.25% of Poverty Level</b> |
|-----------------------|------------------------------|---------------------------------|

Across all STOs, 38.0% of scholarship money went to children in families with income up to 185% of poverty level. Children in families with income between 185% and 342.25% of poverty level received 32.4% of the scholarship money. The remaining 29.6% of scholarship money went to children in families with income greater than 342.25% of poverty level. Two organizations, Chabad Tuition Organization and Life Development Institute Education Foundation, only gave scholarships to children in families with income of 185% or less of poverty level. Alternatively, Arizona Private Education Scholarship Fund gave 68.4% of its scholarships to children of families with income greater than 342.25% of poverty level, the highest percentage among all STOs. Appendix IX shows the percentages for each STO.

The range of overall average scholarship amounts paid by STOs is from \$211 (Arizona Tuition Connection) to \$7,935 (Jewish Education Tax Credit Organization). Average scholarship ranges and the number of STOs with scholarships falling in each range is shown in the following frequency distribution.

| <b>Avg. Scholarship Range</b> | <b># of STOs</b> | <b>Avg. Scholarship Range</b> | <b># of STOs</b> |

Arizona Scholarship Fund provided scholarships to 163 schools, more than any other STO. Appendix X lists the number of schools to which each STO provided scholarships and the average scholarship the STO paid out. The information on the number of schools to which each STO paid scholarships is aggregated in the following table. As shown, two STOs (Dynamite Montessori Foundation and Life Development Institute Education Foundation) gave scholarships to only one private school.

STOs provided scholarships and grants to 337 private schools throughout Arizona. Two private schools, Christ Lutheran School and Northwest Christian School, received scholarships or grants from 12 STOs. The following table shows the number of STOs contributing scholarship money to the private schools. In other words, referring to the table below, 124 private schools received scholarship money from one STO.

| This many private schools received scholarships or grants from | ⇒ | This many STOs |

| 3  |   | Ten STOs       |
| 2  |   | Twelve STOs    |

Nine private schools received more than \$1 million in scholarships from the original individual donation program in total. The most scholarship money received by one private school from all STOs was \$1,548,345 for 625 scholarships to Cornerstone Christian Academy (which includes Pusch Ridge). Appendix XI lists the private schools that received scholarship money from each of the four donation programs in FY2013 and the overall average scholarship amount.

The smallest average scholarship paid by an STO to a private school was \$3 paid by Yuma's Education Scholarship Fund for Kids to Faith Community Academy in Tucson. Eight private schools received average scholarships from individual STOs for more than \$10,000. The highest average scholarship paid by an STO to one private school was \$34,316 paid by Tuition Organization for Private Schools to ACCEL (Latch School).

The following table presents the distribution of average scholarships. For example, the average scholarship received by three private schools (from all STOs) was between \$1 and \$250. Five private schools received scholarships from all STOs that were on average greater than \$10,000.

| <b>Avg. Scholarship Range</b> | <b># of Private Schools with Avg. Scholarships in this Range</b> | <b>Avg. Scholarship Range</b> | <b># of Private Schools with Avg. Scholarships in this Range</b> |

| \$2,001 - \$2,500             | 46   | \$10,001 - \$35,000           | 5  |

STOs also reserved scholarships for specific students for future years. STOs reserved \$4.8 million in the individual donation program. Appendix V shows reserved scholarships by school by program as reported in FY2013.

All STOs certified to collect individual donations in FY2013 were evaluated as to their status in relation to the requirement that 90% of all revenue must be paid out in scholarships. From an administrative viewpoint, no STO is expected to pay out 90% of donations it receives in the current year in scholarships the same year. There will always be a lag between revenue received and revenue paid out. Having said that, many STOs are able to accomplish this 90% payout. That does not mean that an STO with a percentage of less than 90% is in violation of the law. Three STOs listed below have very low percentages because they are newer STOs; their scholarships will increase significantly within the next year or two. One STO has a percentage greater than 100% because scholarships were paid from revenue that was not tax credit donations. ADOR is not currently concerned with the percentage of any STO. These percentages are being monitored annually, however, and if STOs with low percentages do not improve, ADOR will review that program to determine the reason. Percentages for STOs certified to receive individual donations in FY2013 are shown below. The letters "NA" indicate the STO failed to provide FY2013 information.

STOs can allow donors to make recommendations when donating (although Arizona law prohibits STOs from awarding scholarships solely on the basis of donor recommendations). In FY2013, twenty-eight of forty-eight STOs (58%) allowed donors to recommend specific students for scholarships when donating. Going a step further, for those STOs that allowed donor recommendations and for whom information was available, approximately 55% of their donations had recommendations.

### **“SWITCHER” INDIVIDUAL INCOME TAX CREDIT PROGRAM**

Arizona allows a second individual income tax credit for individuals wishing to give more than the amount allowed for an individual income tax credit under the original individual income tax credit program. After donating \$503 or \$1006 for the original individual income tax credit, individuals could donate up to an additional \$500 or \$1000 (depending on filing status) in tax year 2012 and take this additional credit. Additional amounts that could be donated in tax year 2013 increased to \$514 and \$1028.

All 48 STOs receiving donations under the original individual income tax credit program also received “switcher” credit donations in FY2013. A total of \$19.6 million was received under this donation program. Only \$24,000 was received in FY2012, the first year the “switcher” donations were an option. Appendix XII shows donations for each STO for FY2013 (and scholarships for each STO as well).

STOs paid out \$5.1 million in scholarships from switcher donations in FY2013. Eleven STOs did not pay scholarships in FY2013. Generally donations are received late in a calendar year

and scholarships are paid from those donations the following year. The lag in receipt vs. payout is standard and not a cause for concern.

STOs are required to report the percentage of scholarship dollars that go to families with income of 185% or less of poverty level and the percentage of scholarship dollars that go to families with income ranging from about 185% of poverty level to 342.25% of poverty level, as they are required to do for the original individual donation program. Across all STOs that paid scholarships, 39.1% went to children in families with income up to 185% of poverty level. Children in families with income between 185% and 342.25% of poverty level received 35.0 of the scholarship money. Appendix XIII shows the percentages for each STO.

The range of overall average scholarship amounts paid by STOs is from \$76 (Arizona Tuition Connection) to \$8,409 (Chabad Tuition Organization). Average scholarship ranges and the number of STOs with scholarships falling in each range are shown in the following table.

| <b>Avg. Scholarship Range</b> | <b># of STOs</b> | <b>Avg. Scholarship Range</b> | <b># of STOs</b> |

Arizona Christian School Tuition Organization provided scholarships to 113 schools, more than any other STO. Appendix XIV lists the number of schools to which each STO provided scholarships and the average scholarship the STO paid out. The information on the number of schools to which each STO paid scholarships is aggregated below:

| <b># of Private Schools</b> | <b># of STOs giving to this number of private schools</b> |

STOs provided switcher scholarships and grants to 260 private schools throughout Arizona. Four private schools received switcher scholarships or grants from 7 STOs. The following table shows the number of STOs contributing scholarship money to the private schools. In other words, referring to the table below, 123 private schools received scholarship money from one STO.

| <b>This many private schools received scholarships or grants from</b> | <b>This many STOs</b> |
|---|-----------------------|
| 123   | One STO               |
| 71  | Two STOs              |
| 32  | Three STOs            |
| 14  | Four STOs             |
| 15  | Five STOs             |
| 1   | Six STOs              |
| 4   | Seven STOs            |

Three private schools received more than \$200,000 in scholarships from the switcher donation program in total. The most scholarship money received by one private school from all STOs was \$234,496 for 122 scholarships to Cornerstone Christian Academy (includes Pusch Ridge Academy). Appendix XI lists the private schools that received scholarship money from each of the four donation programs and the overall average scholarship amount.

The smallest average scholarships paid by an STO to a private school were \$5 scholarships to Camelback Desert School and Faith Lutheran School paid by Arizona Christian School Tuition Organization. Two private schools received average scholarships from individual STOs for more than \$10,000. The highest average scholarship paid by an STO to one private school was \$13,768 paid by the Orme Primavera Schools Foundation to The Orme School.

The following table presents the distribution of average scholarships. For example, the average scholarship received by 38 private schools (from all STOs) was between \$1 and \$250. One private schools received an average aggregate scholarship from all STOs that was greater than \$10,000.

| <b>Avg. Scholarship Range</b> | <b># of Private Schools with Avg. Scholarships in this Range</b> | <b>Avg. Scholarship Range</b> | <b># of Private Schools with Avg. Scholarships in this Range</b> |

| \$1,501 - \$2,000             | 29   | \$7,501 - \$10,000            | 1  |
| \$2,001 - \$2,500             | 1  | \$10,001 - \$14,000           | 1  |

All STOs certified to collect individual donations in FY2013 were evaluated as to their status in relation to the requirement that 90% of all revenue must be paid out in scholarships. From an administrative viewpoint, no STO is expected to pay out 90% of donations it receives in the current year in scholarships the same year. There will always be a lag between revenue received and revenue paid out. The switcher program is in its infancy, having only been in

effect for part of calendar year 2012 and all of calendar year 2013. Therefore, the ratio between scholarships and donations are not good measures yet for evaluating compliance with the law.

Fourteen STOs reserved an additional \$1.6 million in donations for scholarships to specific students in future years. The STOs reserving the scholarships and the amounts reserved are show below:

|  | #            | \$                 |

The private schools for which the scholarships were reserved are shown, by scholarship program, on Appendix V.

STOs can allow donors to make recommendations when donating (although Arizona law prohibits STOs from awarding scholarships solely on the basis of donor recommendations). In FY2013, twenty-eight of forty-eight STOs (58%) allowed donors to recommend specific students for scholarships when donating. For those STOs that allowed donor recommendations and for whom information was available, approximately 39% of their switcher donations had recommendations.

### **CORPORATE INCOME TAX OR INSURANCE PREMIUM TAX CREDIT PROGRAM – SCHOLARSHIPS FOR LOW-INCOME STUDENTS**

The low-income student corporate income tax credit and insurance premium tax credit for contributions to school tuition organizations are governed by A.R.S. § 43-1183, A.R.S. § 20-224.06 and Chapter 15 in Title 43. (This section does not cover the corporate income tax/insurance premium tax credit for scholarships for disabled/displaced students, A.R.S. § 43-1184 and § 20-224.07.) There were 51 STOs certified to receive corporate donations during FY2013.

Donations to STOs for the purpose of receiving the low-income student corporate income tax credit or insurance premium tax credit are limited by statute for each fiscal year. For FY2007, the first year of the program, the limitation was \$10 million. This limitation increases by 20% per year. In FY2013, the limitation was \$29.85984 million. The following table shows the amount approved in each fiscal year as opposed to the amount received.

| <b>Fiscal Year</b> | <b>Statutory Limitation</b> | <b># of Corps</b> | <b>\$ Approved</b> | <b>\$ Received</b>         |
|--------------------|-----------------------------|-------------------|--------------------|----------------------------|
| 2007               | \$10,000,000                | 108               | \$9,740,800        | \$9,535,800                |

Of the 51 STOs certified to receive corporate donations in FY2013, 25 received donations of \$29,858,865 in FY2013.

There were 188 donations approved and received in FY2013 for the low-income student corporate/insurance premium credit. The 188 donations came from 111 corporations. (Twenty-seven of the 111 corporations are insurance companies.) Of the 111 corporations, 79 donated once; the remaining 32 donated from two to eight times. The following table shows the number and amount of donations received by each STO in FY2013.

Corporate donations ranged from \$200 to over \$1 million. The range of donation size by corporation made to an STO is shown in the following table. As shown, 6 corporations made donations of over \$1 million. (There may have been several donations to several STOs, but these numbers aggregate a corporation's donations in the fiscal year.)

Unlike scholarships from individual income tax credit donations, low-income student corporate income tax and insurance premium tax credit scholarships under this program are restricted to certain students. Recipients of these corporate scholarships must meet specific income limits plus other requirements. (More information can be found at [www.azdor.gov](http://www.azdor.gov).) Additionally, the amount of scholarship that can be awarded is limited. For the 2012/2013 academic year, no more than \$4,800 could be awarded to students in kindergarten through grade 8 and no more than \$6,100 could be awarded to students in grades 9 through 12.

Twenty-six STOs reported paying scholarships in FY2013. These STOs reported 11,653 scholarships totaling \$17,761,391, for an average of \$1,524. Shown below is the number and amount of scholarships from each STO and the number of schools. The highlighted STOs received corporate donations in a prior year.

Catholic Education Arizona paid the highest number of scholarships. Foundation for Corporate Tax Credits paid the highest average scholarship. Arizona School Choice Trust provided scholarships to the most schools. Although AAA Scholarship Foundation received donations in FY2013, no scholarships were paid.

Corporate scholarship money went to 216 schools in FY2013. Amounts received by school (from all STOs) ranged from \$10 (5 private schools) to \$1,475,904 (St. Mary's High School).

Appendix XI shows the amount of corporate scholarship money that went to each school, along with the number of scholarships.

Eleven STOs reserved an additional \$13.7 million in donations for scholarships to specific students in future years. The STOs reserving the scholarships and the amounts reserved are shown below:

All STOs certified to collect corporate donations in FY2013 were evaluated on their status in relation to the requirement that 90% of all revenue must be paid out in scholarships. From an administrative viewpoint, no STO is expected to pay out in scholarships 90% of donations it receives in the current year. There will always be a lag between revenue received and revenue paid out. ADOR is not currently concerned with the percentage of any STO. Some are at 0.0% because it is the first year they have participated in the program. These percentages are being monitored annually, however, and if the STOs with low percentages do not improve, ADOR will review that program to determine the reason. Percentages for STOs participating in the low-income student corporate credit in FY2013 are shown below.

## CORPORATE INCOME TAX OR INSURANCE PREMIUM TAX CREDIT PROGRAM – SCHOLARSHIPS FOR DISABLED/DISPLACED STUDENTS

The corporate income tax credit and insurance premium tax credit for contributions to school tuition organizations for scholarships for disabled/displaced students are governed by A.R.S. § 43-1184, A.R.S. § 20-224.07 and Chapter 15 in Title 43. There were 51 STOs certified to receive corporate donations during FY2013.

Donations to STOs for the purpose of receiving the corporate income tax credit or the insurance premium tax credit are limited by statute for each fiscal year. The statutory limitation for donations made for the disabled/displaced tax credit is set at \$5 million per fiscal year. The following table shows the amount approved in each fiscal year as opposed to the amount received.

| Fiscal Year | Statutory Limitation | # of Corps | \$ Approved | \$ Received |
|-------------|----------------------|------------|-------------|-------------|
| 2010        | \$5,000,000          | 6          | \$1,478,880 | \$1,478,880 |
| 2011        | \$5,000,000          | 8          | \$1,079,000 | \$1,029,000 |
| 2012        | \$5,000,000          | 6          | \$283,000   | \$283,000   |
| 2013        | \$5,000,000          | 14         | \$3,580,350 | \$3,505,350 |

Of the 51 STOs certified to receive corporate donations in FY2013, 8 received donations of \$3,505,350 in FY2013.

There were 18 donations approved and 17 received in FY2013. Eight STOs received the 17 donations from 14 corporations. Eight of the 14 corporations were insurance companies, donating \$2,982,000.

| Tuition Organization for Private Schools     | 1   | \$350,000                          |

Corporate donations ranged from \$50 to over \$500,000. The range of donation size by corporation made to an STO is shown in the following table.

| Donation Size        | # | Donation Size          | # |
|----------------------|---|------------------------|---|
| \$1,000 or less      | 2 | \$50,000 to \$99,999   | 5 |

| \$10,000 to \$24,999 | 1 | \$500,000 and over     | 2 |
| \$25,000 to \$49,999 | 1 |                        |   |

Arizona School Choice Trust received the most corporate disabled/displaced donations, 4 donations from 4 corporations while Arizona Leadership Foundation was the largest recipient of corporate disabled/displaced donations at \$2,000,050.

Similar to scholarships from the low-income student corporate income tax credit donations, disabled/displaced corporate income tax and insurance premium tax credits scholarships under this program are restricted to certain students. Recipients of disabled/displaced scholarships must provide documentation on meeting the specific eligibility requirements. (More information on the requirements can be found at [www.azdor.gov](http://www.azdor.gov).) The total amount of disabled/displaced scholarship(s) that a student can receive is limited to 90% of state aid or the cost of tuition, whichever is less.

Six STOs reported paying out scholarships in FY2013. These STOs reported 218 scholarships totaling \$732,468 for an average of \$3,360. Shown below is the number and amount of disabled/displaced scholarships from each STO and the number of schools.

All STOs certified to collect corporate donations in FY2013 were evaluated to see their status in relation to the requirement that 90% of all revenue must be paid out in scholarships. There will always be a lag between revenue received and revenue paid out. ADOR is not currently concerned with the percentage of any STO. These percentages are being monitored annually, however, and if the STOs with low percentages do not improve, ADOR will review that program to determine the reason. Percentages for STOs certified to receive corporate donations and participating in the disabled/displaced student corporate credit in FY2013 are shown below.

| School Tuition Organization                  | Ratio               |
|--|---------------------|
| Arizona Leadership Foundation                | 1.8                 |
| Arizona Private Education Scholarship Fund   | 91.1                |
| Arizona Scholarship Fund                     | 0.0                 |
| Arizona School Choice Trust                  | 30.5                |
| Financial Assistance for Independent Schools | 86.5                |
| Institute for Better Education               | 103.5 <sup>20</sup> |
| School Choice Arizona                        | 19.5                |
| Tuition Organization for Private Schools     | 89.0                |

<sup>20</sup> Scholarships allocated to a particular student in future years are part of the calculation. Institute for Better Education has a large amount of scholarships promised to specific students in future years.

## **PRIVATE SCHOOLS IN ARIZONA**

The final table at the end of this report, Appendix XV, lists every private school that has received scholarship revenue from the private school tuition organization income tax credit programs and the estimated amounts received from all three programs since 1998. The amounts are estimated for two reasons. For the first several years of the private school tuition organization tax credit program, there was no requirement for the STOs to report. Although some did report at ADOR request, some did not or only reported partially. Therefore, the early year figures are incomplete. Secondly, the reporting period changed from calendar year to fiscal year, beginning with FY2011. The amount of scholarships by school that were duplicated in the CY2010 and FY2011 numbers was estimated.
